

"There seem to be more trash pickers all the time."
Trash!!

"My neighbors are filling my bins with their garbage"

"GARBAGE stinks when the cans are open."

Alley Rats!!

"Trash Scavengers are a big problem at the beach."
"My trash gets scattered all over the alley."

Scavengers!
"Scavengers leave messy cans and alleys"

"What's in those trash bags? Cutters to take bikes? Break and entry tools?"

"Open cans invite the rats to a feast at my house."

"There seem to be more break-ins when the scavengers are in abundance."

"I wish that there were something we could do about the scavengers."

Trash Pickers!!

"Someone should do something about the trash situation."

"The flies are intolerable this year."

Scavengers!

ACTION ALERT!!

Mission Beach Town Council

is sponsoring a

CAN LOCKING PROGRAM

How does it work?

- Sign up below for the number of cans on which you'd like to have locks installed. We'll do the work, and supply the parts and locks.
- Submit \$10 per can (covers both the lock and the installation of your lock) and **return to Mission Beach Town Council, PO Box 9842, San Diego, CA 92169.**
- Wait for the phone call or email notification confirming when the lock will be applied.
- Be sure to have your cans available for installation
- Consider using the same combination throughout your alley so you and your neighbors can assist each other as needed. (lock can be changed by you)
