

CBD October 2015

The Mission Beach Town Council encourages all residents to complete the Mission Beach Community Benefit District (CBD) questionnaire being circulated by the CBD Steering Committee. The Mission Beach Town Council believes that completion of the questionnaire by the largest sample possible is the best way to determine whether there is community interest in the proposed CBD. The questionnaire is available at www.newcityamerica.com, click on "New Districts." Discussion followed: Change in the wording of the resolution to read "property owners" instead of "residents". As a result, the resolution was amended to replace "residents" with "property owners". Concerns were voiced and John Vallas and Dawn Reilly (Beautiful MB) and Marco Mandri (New City America) were there to answer questions regarding CBD's. Motion passed 15 approved 7 opposed.
